

PRESENTATION OF SLOVENIAN BOXER CLUB – KLUB LJUBITELJEV NEMŠKIH BOKSERJEV SLOVENIJE

Slovenian Boxer Club was founded on June 1st, 1991 in Maribor. The original name of the club is Fan Club of German Boxers. The purpose of founding the breed club was quality breeding, informing and educating dog owners about the standard and rules of breeding. Since 1992 we have been members of the Slovenian Cynological association and since then our breeding committee has been working independently.

We have two breeding exams a year, one annual special show and one club show. So far we have also organized two German ZTP.

We hosted Atibox Championship 2003 in Maribor and 2016 in Rogla. In 2011 we organized Atibox FH WM in Maribor. Our club has also been the organizer of Cacib Maribor exhibitions for more than a decade.
